Cllr Punchard Report

You will be aware of the development ctte decision to refuse planning for the much needed atm at Nationwide building society, despite support from myself Liz and Christopher, my understanding is the applicant is due to appeal so hopefully a workaround can be found.

Revised plans for the proposed care home on holt road have been submitted to which I have again raised issue with size and scale of building as well as parking / highways issues.

Hope you all have chance to get a break through the summer period.

All the best.

Jeremy.
